

Upfront Information Property Process

Streamlining conveyancing with Ochresoft

Pushing you ahead of the game, Upfront Information (UFI) Property Process streamlines property transactions. By gathering information early in the sale process, you can progress each transaction quickly and seamlessly as soon as the buyers instruct their lawyer.

With the UFI Property Process within our Intelliworks Sale Workflow, you could cut additional enquiries by 75%. It gathers information upfront and provides the answers before the questions appear.
